

# Beginners: e-Life: Find a New Home...

From the **Property Finder** home page, [www.propertyfinder.com](http://www.propertyfinder.com), fill in the details for the type of property you are looking for - stating a maximum price, the minimum number of bedrooms you require and the name of the area or postcode you would like to purchase or rent a property in.

Once you have defined your search criteria click the **search** button.

A number of properties will be listed on the web page that match your defined criteria, normally with the lowest price properties first, but this could be changed:

**Quick search**
